

Throughout the summer we also feature a number of special running days starting with the Miniature Vehicle Rally in May. In July we host a multitude of visiting locos at our Standard Gauge and Diesel Electric weekend. After a busy summer we then have the Narrow Gauge Engine weekend in September and the Halloween Specials in the Autumn.

See this website for further details.

Our very popular Santa Specials run over the first two weekends in December. We are renowned for providing excellent value for money and entertaining visits, with many of our customers coming back with their children year after year.

After your visit to Santa and a refreshment stop you can enjoy the entertainment provided by our musical team at Northgate Station. You then rejoin your train for a full circuit of the 2 kilometre track. For the rest of your stay you can ride on any of the different service trains that run over the circuit.

Please don't delay getting this form returned to us, The trains will fill up very fast and we would hate you to be disappointed.

Echills Wood Railway's Santa Special Trains DECEMBER 2017

Information and booking form

Please note:

The Trains on the weekend nearest to Christmas can book up very early - so as well as advising you to book up early, we also ask you to prioritize your preferences on which day you wish to see Santa. This helps Santa's Secretary to organise things without having to keep phoning people back (calls cost a lot from Santa-land).

The service trains cease running at 5.00pm, so in order to gain some extra free train rides you will need to take them before you see Santa if you have a late afternoon booking.

On arrival please report to the Santa Reception area and not the normal booking-in office.

Please don't get on a service train for a ride in the 30 minutes before your booked in slot to see Santa, otherwise you may miss your Santa Special train.
